

Growing Stronger Everyday

G

There is a mountain

C G

We can climb it if we try

We will get to the top

C G
Taking one step at a time

D G

We have a purpose

D G

We have a reason

D C G

For growing stronger everyday

D C G

We're growing stronger everyday

A journey begins with a single step

And desire to achieve

We have a destination

We have a goal that we believe in

We have a purpose

We have a reason

For growing stronger everyday

We're growing stronger everyday

We will climb that mountain

Taking one step at a time

The steeper the mountain gets

The harder we will climb

We have a purpose

We have a reason

For growing stronger everyday

We're growing stronger everyday

We're growing stronger everyday
