## Self-Correcting Assessment #1

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Teacher: \_\_\_\_\_

### Instructions

- 1) Fold the paper so you cannot see the answers.
- 2) If you do not know the answer in three seconds put an "x."
- 3) When finished, unfold the paper and correct it.

Use a progress report to check facts you missed and identify facts you plan to study.

For progress reports and guides for teachers, parents, and students, visit [studysmart.com](http://studysmart.com).

$4 \times 7 =$	28 ✓	28
$4 \times 6 =$	<del>22</del> 24	24
$6 \times 7 =$	x 42	42

If correct, place a check next to your answer.

If not correct, put a line through your answer, and write the correct answer.

If you do not know the answer in three seconds put an "x." When correcting, write the correct answer by the "x."
